# 'Institutionalisation of Intl. Summer University' ends

Last Updated Friday, 24 July 2009

The Tempus Project "Institutionalisation of the International Summer University Macedonia" finished in December 2008. This project was part of International Summer University Macedonia and aimed at its institutionalisation and sustainable future.

SPARK would like to thank the participating Macedonian Universities, Ministry of Education of Macedonia, Universities of Marburg and Bologna for the co-operation within the framework of this Tempus project.

The "Institutionalisation of the International Summer University Macedonia" was an important project for the development of Higher Education in Macedonia. In order to share the information from this Tempus project with High Education Institutions in Macedonia and in the region, SPARK website provides the Training Materials form all Tempus project events in 2008.
